Norr No. 5.

Is a memorandum in relation to how four notes, all dated by of April, should be made, and is as follows:

April 1, I months. 6, 250

April 1, 5 months. 6, 250

April 1, 6 months. 6, 250

The accused was taken before Justice Osborne and examined, and his explanation was so satisfactory that the District-Attorney merely required that he should give ball to appear as a witness against Hantington.

The District-Attorney merely required that be should give bail to appear as a witness against Hantington. His statement was as follows:

"I am a brother-in-law of Chas. B. Huntington. He married my sister. In May last I was a clerk with James Nash & Co., lumber dealers at the foot of Righteenth street, E. R. I left their employ about the 16th of that month at the request of Mr. Huntington, who said I could do better in Wall street. He was then a note broker at No. 52 Wall street. I then opened an office at the corner of Hanover and Wall streets, and Mr. Huntington allowed me \$15 per week to live upon until I could get basiness. My business was to be that of a note broker selling notes. After I had been in Wall street a week or two, I went to Huntington's office and told him that I was tired of sitting in the office doing nothing, and asked him if he could not give me something to do. He told me to return to my affice and wait, and he would send me a communication, as he was then busy. Shortly after this he sent me a letter. There are several notes or communications now here, all of which were received by me from him; but I cannot tell which came first, as they have no date. I think he brought the first himself, and told me to go out and buy some blank forms of notes. I did no, and on my return I filled up notes as he told me. I do not know how many. From time to time I received communications from him to fill up notes. Those now here I received, and I filled up the notes referred to in them. After I filled up the notes I defivered them to Mr. H., who looked at them, said all was right, and kept them. I identify the six notes having my initials on the backs as being filled up by me. These notes I delivered to Mr. H. I did not know the purpose for which they were to be used, and supposed them to be for a legitimate purpose. My first supplicions were aroused after Huntington's second arrest by reading the accounts in the Lewspapers of the harge amount of forged paper. To satisfy myself whether I had been engaged i

CONFLICT OF POLICEMEN WITH SHOPLIFTERS.—
Sergeant Martin of the Third District Police Court yesterday received information that one Julius Dorger, keeper of a receptode for stolen goods at No. 597 Bleecker street, and one Schumacher living at No. 50 Warren street, had stolen about 48:00 worth of silk goods and taken the property to the house of the worth of silk goods and taken the property to the house of the sent yester of the Strike of the Strike of the sentence of Schumach yester of the Strike of the Strike of the Strike of the Strike of the sent yester of the Strike of the Strike of the sent yester of the Strike of the

REPUBLICAN DEMONSTRATION .- Last evening the Republicans of Jersey-City had a season of rejoicing over the election news from Pennsylvania. Rocketwere discharged, a bonfire was kindled in the street, and a display of fireworks took place. The head-quarters were thronged and speeches were made by Robt. Gilchrist, jr., B. G. Noble and others. Mr. Noble had been speaking in New-York early in the evening.

The First Ward Republican Club of Jersey City will meet this evening at the Hudson House, and be addressed by Robt. Gilchrist, jr., and J. A. Lake of

## LAW INTELLIGENCE.

SUPREME COURT-SPECIAL TERM-OCT. 16 .- Before Judge

SUPREME COURT—SPECIAL TREM—OCT. 16.—Before Judge DAVIES.

THE FRENCH FUGITIVES AGAIN—MADEMOISELLE DAUGE NOT EXEMPT FIRM ARKEST.

The Northern Railway Company of France ast. Charles Carpentier, Fehicle Daud and others.

The complaint in this cause states that the plaintiffs were the owners of certain railway shares, with coupons attached, and that the defendants, Carpentier and Geellet, were others of the plaintiffs' company, and had clarge of the same, being the property of the plaintiffs; that ead Carpentier and Grellet, with ad and assistance of the other defendants, abstracted the said shares and coupons, and converted the same into money, and have escaped to this country with said noney. These allegations are admitted in this application. The defend at the law to a same and the defendant Felicite Dabaid now moves to weath the complaint do not authorize the arrest of a female. B. Galbrain and John Townsend for defendant, Jas. Morrogh and F. R. Tillou for plaintiffs.

DAVIES, J.—Suk 504 sec. 179 of the Code declares that "no "female shall be arrested in any action, except for a willful "hipry to person, character or property."

It follows that where a female has committed a willful injury to property she may be arrested.

It was contended in the argament that the shares and coupons mentioned in the complaint were not property, and therefore the streat could not be sustained.

1 think the averments in the complaint are anticlent to sostain the position that these shares and coupons were property, and the property of the plaintiffs of the benefit of the same as property.

the position that these shares and coopen's were property, and the preparty of the plaintiffs, and that the same were converted with the intentro deprive the plaintiffs of the beacht of the same as property.

P The next question and the grave one is, What is a willful injury to property! The counsel for the defendant contends that this means only a willful defeating of it, or a willful depreciation of it by reducing its value; that its total destruction or disposition is not an injury. Bouvier in his Dictionary, vol. 1, p. 536, says: "Injuries to personal property are the unlawful taking and detention thereof from the owner." Webster defines "injury" to mean in general any wrong or darage done to a man's person, rights, reputations, or goods.

We find in this case that the defendant herein was siding and sesisting in taking from the owners and converting into money, and fleeling the country therewith, the property of the plaintiffs, and consequently detaining the same from the owners. This therefore, is an injury to personal property. Is it will-not wheater defines "willful" to mean, "By design, with set purpose: and flowings the terminality." Applying these definitions to the facts stated in the compilant, there can be no room for doubt that the acts complaint, there can be no room for doubt that the acts complained of were injuries to the personal property of these plaintiffs, and its hable to be arrested therefor.

The defendant, Felicite Dubud, has therefore, on the facts elact, committed a willful injury to the property of those plaintiffs, and its hable to be arrested therefor.

The counsel for the defendant pressed on the argument, as quite controlling this motion, the decision by Judge Ma-on, in 3 Code Rep 37. In that case the defendant had been arrested on the allegation that she had concealed, removed or disposed of a pano belonging to the plaintiff. The Judge says that the defendant cannot be arrested except for a willful injury to property, and that it is difficult to understand how a mere detention

SUPREME COURT—SPECIAL TERM—Oct. 16.—Before Judge CLERKE.

THE EVIDENCE IN THE TRANSIT CO, CASE ALL IN. Jeremish G. Hamilton agt. The Accessory Transit co. et al. This care went on at 11 o'clock this incrning. The defense put Joseph L. White on the stand. He testified that he used to be counsel and a Director of the Company, but now sustained no official relation to it, that he was well acquainted with the public men and had visited the greater part of Nisseragua, and was familiar with its public history; that the copies of the Constitution of 1858, which had been previously put into the case, was obtained by him from the President of the Senate in the presence of almost all the Scantors, for the purpose of giving advice as to what they should do; that he advised the appointment of another Provisional President in place of Montenegro.

Mr. White then went over the political history of Nicaragua, maming the various Presidents and their competitors in order. Shortly after Chamorro's election, the witness went on to say he proposed an amendment of the Constitution of 1838, and ordered an election of delegates elected were opposed to a change of the Constitution hat the delegates elected were opposed to a change of the Constitution, he banished enough of his opponents to get a majority. Shortly after a revolution, liseded by those who were banished and thair friends in Leon, San Salvador, Ac, broke out.

Mr. White stated that he was kept familiar with the course of Mr. White stated that he was kept familiar with the covernment.

were bankied and that he was kept familier with the course of Mr. White stated that he was kept familier with the course of secrets in Nicaragus, by correspondence with the Government of Nicaragus, the spents of the Company, Salasar, Mr. Whoeler, Chited States Mirister, Capt. Sort, Chameros, Estrais Gen. Walker (through Judge Curtis), and has made the matter

a study.

These preliminary questions were intended to preve Mr.

These preliminary questions were intended to preve Mr.

White's capacity, as a historian, to inform the Court as to the real condition of things in the republic. The Court admitted the competency of the evidence, in the absence of a written history, or other means of information equally good, but find history, or other means of information equally good, but find a result of the court would take judicial notice of the course of events, sufficiently for the purposes of he case.

Mr. White stated in the course of the discussion on this point that he would be unable to give all that he knew, inasunca as much of it was told him to confidence. Mr. White was not cross-examined. Pending the summing up by counsel, the Court adjourned till

Motion to compel purchaser to complete his purchase anted, with \$10 costs.

Tranted, with \$10 cests.

John Higgins and all act. Thos. V. Wright.

The motion was to discharge an order of arrest, on the ground that the affidavit on which the order to hold to ball was made, does not show that the pistoffits were creditors before the acts with which the defendant was charged, were committed. The Court thought that the objection must be sustained by an affidavit of the defendant, that the frauds compained of were before the debt secreed.

Motion denked, without costs, as the point is a new one; at least to case has been found in which the question was decided.

Before Judge Davies.

Lucien D. Coman agt. Ferenish J. Beet.

Plaintiff entitled to a specific performance, and reference ordered to ascertain damages, and in coming in of report.

Decree must be finally entered.

COURT OF GENERAL SESSIONS -- Oct. 16. - Before Judge COURT OF GENERAL SCAPENS.

CAPRON.

The trial of Gustave Michaels, charged with swinding Peter Schmidt, a jeweller, out of \$2,000, mentioned yeards, was resumed to day, the defense endeavoring to impeach the testimony of Mr. Schmidt. The case will go the to jury on Friday morning.

THURSDAY, Oct. 16-P. M A new activity has been inaugurated at the Stock Board, and the bulls have again possession of the mar-ket. The transactions in Eric, Reading, and Central are very large at advancing prices. The bears attempted to check the movement by free sales at their option, but did not succeed. The upward turn is the natural result of the late fall, and is assisted by the continued postponement of the stringent Money market. which has been looked for for the last six weeks, and by the general impression that a suspension of specie payment by the Bank of France has taken place, and that the effect must be collaterally favorable in this country by putting a check to the drain of gold from as. Upon the effect of this suspension, however, there is considerable difference of opinion, as will be seen by the large amount of sellers options put out to-day by those who lock upon the present rise as only temporary. The Shorts were purchasers to considerable extent to-day for cash, but put out large quantities on long options. The sales of Eric reached 10,000@12,000 shares. Reading 15,000 shares, Central 2,600 shares. The improvement is quite general in the list. Eric closed at 61, having been 611, an improvement of 1 P cent;

Reading at \$1, an advance of 14 V cent; Central soid at 831. The Western Stocks are all strong. Michigan Southern improved to 883; Central, 924; Pittsburgh, 58. Toledo, 721, dividend off equal to 761; Galena, 1091; Rock Island, 901, &c. There were no sales of La Crosse at the Board, but 881, buyer sixty, was bid, and 89 asked. There was an improvement in Railroad Bonds, without much business, excepting in Illinois Central, of which 90,000 were sold, closing at 884. State Stocks are dull and heavy.

In Exchange there is yet but little doing for the Saturday's steamer. Rates for Sterling are steady, with a fair amount of bills offering. France are very heavy,

and in light demand.

Freights to Liverpool are easier, 15,000 bush. Grain were taken at 9d. #9jd.; 3,000 bbis. Flour at 2s. 400 bbls. Rosin at 2s.; 300 bales Cotton at 5-32d.; 1,500 boxes Cheese at 27s. 6d = 30s.; 100 casks Rice at 27s. 6d. To London, 5,000 bush. Grain at 10jd. @11d.; 600 bbls. Flour at 2s. 9d. @ 3s.; Heavy Goods, 30s. @ 32s6d.; 500 boxes Cheese at 32s. 6d. c 35s. To Glasgow 300 bales Cotton at 5-32d.; 18,000 bush. Grain at 10 jd.; 600 bbis. Flour at 3s. To Havre, 7,000 bush. Grain at 20c. Flour at 75c.

The business of the Sub-Treasury was: Receipts, \$129,362 58; Payments, \$80,009 73; Balance, \$13,624,-189 19.

The New-York Gas Light Company has declared a semi annual dividend of 5 P cent, payable on the 1st

The Assignee of the American Life Insurance and Trust Company has declared a dividend of \$5 \$ share to the stockholders, payable upon the production of the stock certificates, on and after the 15th of Novem-

to-day, \$32,967,000.

There is a continued activity in produce with a buoyant market. The sales of Flour, Wheat and Corn have been very large during the week, and the aggregate advance in prices has been important. To-day about 20,000 bbls. Flour sold at a small advance on vesterday's price. Wheat is 2c. better, with sales of 100,000 bushels, and Corn sold to the extent of 95,000 bushels at full prices. The export demand is active. Pork is still improving and the sales are large; 2,100 bbls. Mess at \$21 50 a \$22, and Prime \$18 a \$18 50. Cotton is dull and less buoyant. In Groceries there is not much doing excepting in Sugars, which are active and firm.

The example set by the Commerce, Republic, Me tropolitan, and other of our city banks, in the increase of their capitals, is being extensively followed. The American Exchange, we understand, has decided to increase from \$3,000,000 to \$5,000,000, the Phonix from \$1,200,000 to \$1,800,000, and the Merchants has also under consideration the question of enlarging their capital. The vastly increased business of this city, which is the second monitory center of the world, demands increased banking facilities, and it is much more desirable that it should take place in this shape, by enlarging well-established institutions, under experienced managers, than in the formation of a swarm of new banks of small capital and in inexperienced hands. Other banks will, no doubt, follow in the same course with the banks above named.

Borrowers found but little difficulty to-day in finding what money they needed. The demand in Stock cir cles was active and but little help was had from the Banks, but private capital was freely supplied. Firstclass paper under six months is scarce in the street and goes at 9 P cent. Leading signatures at about thirty days are passed at 8 P cent. The money stringency which has been predicted for the last six weeks has certainly not yet arrived.

About half a million of dollars in bars is engaged for the Saturday steamer.

The Hon. Wm. P. Burrall of Bridgeport was yes terday elected Vice-President of the New-Haven and Springfield Railroad Company.

The receipts of the New-York Central Road i

September are reported to reach \$820,000. The receipts on the Pennsylvania Railroad for September were:

The first week's receipts in October on the Crosse and Milwaukee Road are enormous, being \$17,905, equal to or over \$75,000 for the month on only 61 miles of road. The receipts of wheat by this Road on the 12th were 22,261 bushels. Earnings of the Catawissa, Williamsport and Eric

Railroad for the mouth of September, 1856, compared with those of September, 1855:

with those of Septemoer, 1835.

Freights and Express... \$1835.

Passengers......... 9,372 96 11,735 16 1,831 10 for the first eight working days of October are also very large-\$34,923 97, a gain of \$6,000 on the same period of last year.

The first week's receipts on the Chicago and Rock Island Road were \$52,900, an increase of \$9,000 on the same week of last year, and \$5,000 on the first week of September. The transfer books of the Paterson and Ramapo Rail-

road, and of the Paterson and Hudson River Railroad Company have been placed at the Ohio Life and Trust Company. The transfer books of the Norwich and Wercester Road will be placed there on the 1st of November.

Mr. Arthur Leary has been appointed Receiver of the Globe Mutual Marine Insurance Company. Forty-nine bonds, \$1,000 each, of the Albany and Northern Railroad, belonging to the City of Albany, were sold at auction yesterday at \$13 00 to \$26 00 p

The entire line of the Wabash Valley Road will, we understand, be completed by the 10th November. The business of this line is rapidly increasing, and the freight offering is larger than the road can transport

with its present equipage.

The deposits at the United States Branch Mint at New-Orleans for September were as follows:

Acw-Orienns for September were as follows:
Defrosits of GoLD.
California Gold. \$2,046.90
Gold from other sources. 719.65—\$8.769.53
DEFOSITS OF SILVER
Silver parted from California Gold. \$4.59.92
Silver parted followings. 149,172.95—\$149.223.28

A comparison of the footings of the Weekly Bank Statement of the Boston Banks, with those of the statement for the previous week, exhibits the follow-

Cotton is rising in price, and cotton-goods to be made from this year's cotton will cost much more; and, as there is no pressure in the money-market, all cotton staples are buoyant in price. Woolene parlake also of the general buoyancy of prices.

The following is our weekly report of failures,

The following is our weekly report of failures, assignments, &C.:

Hardy & Kninkt, Pertsand, Me.; assigned.

William Dwight, y. & Ca., Boston, Mass., suspended.

Chapin & Whitton, Boston, Mass., suspended.

A. J. Roberts, "Millinery," Boston, Mass.; failed.

T. H. Barnes, Bridseport, Conn.; tailed.

Preeman & Bruth, New York City: suspended.

Citis & Co., New York City: suspended.

E. Waters & Co., Trinsdelphia, Penn.; suspended.

E. Waters & Co., Trinsdelphia, Penn.; suspended.

Nice & Bullock, Philadelphia, Penn.; suspended.

Nice & Bullock, Philadelphia, Penn.; suspended.

D. C. Daval, Indianapolis, Ind.; assigned to H. J. Horn.

J. G. Geff, Connert ville, Lad.; assigned.

R. W. Carson, Galent, Ill.; failed.

R. New berger & Brother, Chicago, Ill.; failed.

Geo. G. Friston, Burlington, lowa; failed.

Ferdinand Dersand, "Flour," Penn.; was some weeks since reported as failed. This announcement should not affect the recent of John Shephard, Confectance, in the same place, who, we are reliably informed, has not failed.

To Mariners.

LIGHT HOUSE ON CAPE HANCOCK, MOUTH OF COLUMNIA RIVER, WASHINGTON TERRITORY.—A fixed white high, first creder of Freenel, illuminating the entire horizon. The bower is whitewashed, and placed on the pitch of the Cape, about 19 feet above the sea. The light is elevated about 29 feet above the sea. The light is elevated about 29 feet above the sea level, and will be seen, in a favorable state of the atmosphere, from a higher of 15 feet above the water, 22 nautical or 35 statute miles.

The latitude and longitude and magnetic variation of the Light as even by the Caset Survey, are:

The latitude and longitude and longitude and Light, as given by the Coast Survey, are:

Lat. 460 261 35" N.

Lon. 124" 67" W.

Magnetic Variation, July, 1851, 200 45" E.

The Light will be exhibited for the first time on the night of the 15th of October, 1856, and thereafter every night from saxthe 15th of October, 1856, and thereafter every night from sanset to sunrise, until further notice.

A Fog Bell, of 1,660 hs, has also been placed on the blaff in advance of the Light Tower, which will be sounded during fogsy or other thick weather, right and day from the same date. The distinctive mode of striking the Bell will be published hereafter. The machinery is in a frame building, on a lere with the ground, with the front open to receive the Bell, and is also whitewashed.

A By order of the Light-House Board,

HARTMAN BACHE,

Major Topographical Em. Br. Major Collective Light-House District,

San Francisco, Cal., Sept. 15, 1656.
